8500# LIGHT PRO

Weight: 8500#

Tires: 24.5 x 32 maximum

Age of Driver: 18 years old or older

FUEL: Diesel Fuel only. water injection ok, no combustible fuels in water

Cylinder Block or Crank Case: Must be from same manufacturer and must bolt in stock location without modification. All engines must be 540 cubic inches or smaller. All engine upgrades must be approved by the committee.

Heads: Cast iron heads only. Must be from same manufacturer. No over head cams allowed.

Injector Pumps, One Only: P-Pump; 3000 or 7100 Series only. No aftermarket housings. No 8000 series pumps, one plunger per cylinder. No computerized fuel systems allowed.

Turbo, One Only, Manifolds: One single stage turbo allowed. Maximum 3.15 compressor wheel. The wheel may be no larger than this measurement at the inlet. Tips of wheel must protrude into opening at least 1/4". All air must enter the compressor housing inlet. No external altering of compressor housings. Any size exhaust outlet and housing. Turbo must not extend through hood. Manifolds must be from same manufacturer and must bolt onto head without modification, alteration for turbo mounting allowed. Combine manifolds OK. No intercoolers.

RPM's: OPEN

Draw Bar: Drawbars must not exceed 20 inches in height or less than 16 inches from center of axle to hooking point. No part of draw bar may extend rearward beyond point of hood. Drawbars must be stationary in all directions. No clevis.

Hood, Grill, Frame, Transmission, Rear End, Axle: Must be for that make and model and must maintain stock appearance. Front ends may be homemade with a maximum of 114" wheelbase. Frames may be homemade but must maintain stock appearance. Upgrades on sheet metal must be approved by the committee.

Total Length of Tractor: Maximum length 13' from center of rear axle to the furthest point forward, including weights.

Safety Equipment: Helmet, Fire Suit, Wheelie Bars, Roll Cages, Kill Switches, Fire Extinguishers, Fenders, Side Shields, SFI Flywheels and Pressure Plates, Scatter Blanket or Steel Shields, No Steel Fans, all electric fuel pumps must be wired to the kill switch. V Idle front axles. No cast iron engine frames. (Ladder bars are recommended).

THE DIV 10 COMMITTEE WILL INTERPRET ALL RULES. ANY UNFORSEEN PROBLEMS OR OVERSIGHTS WILL BE RULED ON BY THE COMMITTEE. ALL COTPA GENERAL RULES APPLY. (Joe Cronkleton - (937) 355-5251 joec@loganrec.com)

1. Must be 1982 or older.
2. Manufactured updraft carburetor only.
3. Stock appearing block for model of tractor.
4. Alcohol, Gas, Diesel, or Propane Only.
5. 18-4-38 tire limit.
6. 12" overall length from center of rear axle to farthest point forward including weights.
7. Blanket or scatter shield around flywheel.
8. Side shields required on motor and frame.
9. Fire extinguisher, kill switch, wheelie bars, all safety equipment.
10. Must have fenders.
11. 20" hitch height.
12. Hitch minimum length 18" from center of rear axle to hook point.

9000# HOT FARM STOCK TRACTOR RULES

1. Gas, Diesel and LP fuels.
2. One Turbo.
3. Gas, single updraft carburetor.
4. Diesel A pump lift.
5. 3250 RPM limit.
6. 18.4 x 38 tire limit- no cut tires.
7. Press steel wheels are allowed.
8. Must have wheelie bars separate from draw bar.
9. Must have all steel metal on tractor.
10. Must have factory or after- market fenders.
11. Must have factory or after- market wide front end.
12. No center link or turnbuckles above center line of rear axle.
13. 20" hitch height maximum.
14. Kill switch a must.
15. Judges decision is final.

12000# ALTERED FARM STOCK TRACTOR RULES

1. Small foot housing turbo, 3 in and 3 out must bolt to stock manifold.
2. Tire size, no more than 20.8.
3. All tractors must be stock appearing other than weight racks and wheelie bars.
4. Fuel charge pumps are allowed.
5. No RPM limit but anyone over 3500 RPM's MUST HAVE blanket or 3/8 plate aroundbell housing wheelie bars and kill switches.
6. Hitch must hook in stock hitching point and less than 18" from center of rear axle, not to exceed 20" above ground.
7. Lift arms are not required.
8. Contest to be governed by judges with their decision being final.
9. All protest MUST be brought to the judges attention before tractor is hooked to the sled.

2011 PREBLE COUNTY HOT ROD ANTIQUE RULES

1. Tractor weight-5700 lbs.
2. Tire size 18.4 x 38 maximum.
3. Driver age- 18 years or older.
4. Age of tractor-1972 and older, no home-made tractors.
5. Fuel-gasoline fuels only, no alcohol, no nitrous, no oxygen accelerate, no nitrogen methanol and no propylene oxide. Race car gasoline may be used.
6. Draw bar- draw bars must not exceed 18" in height for small block tractors, or 17" in height for big blocks. Must not be less than 18" from center of axle to hooking point. No part of draw bar may extend rearward beyond point of hook. Draw bars must be stationary in all direction. No clevis.
7. Engine, manifold, carburetor, ignition-engine must be 420 cubic inches or smaller for small blocks. A maximum 472 cubic inches for big blocks. Must be a cast iron block, cast iron heads, and maximum eight cylinders. Two valve one spark plug per cylinder. Camshaft in block, any manifold, up to one barrel naturally aspirated carburetor. Holley 4150 HP pro-series. No flowed carburetors, no predators, no dominators, no fuel injection, no throttle based injection. Headers or open exhaust are allowed. Headers must exit in an upward direction. **ALL IGNITIONS MUST USE MSD SYSTEM WITH 8000 RPM LIMITER CHIP.**
8. Hood, grill, frame, transmission, rear end, axle must be for make and model, and must maintain stock appearance and dimension. Front ends may be home-made but must maintain stock appearing wheelbase.
